

FOR IMMEDIATE RELEASE

ESJ Financial Engineering Joins Allinial Global

Breda, The Netherlands, January 9th 2017, — **ESJ Financial Engineering** is very pleased to announce it has joined Allinial Global, a member-based association that has dedicated itself to the success of independent accounting and consulting firms since its founding in 1969. Allinial Global is based in North America, but offers international support by connecting its firms to providers and global networks of accounting and tax firms worldwide, fostering the independence, profitability, and continuous improvement of its members. ESJ Financial Engineering has 17 partners, and a total of 175 employees.

“We joined Allinial Global because of our strong commitment to our clients,” said Alphons van de Ven, Tax partner at ESJ. “Through this global association, we will have access to cutting edge skill-building and niche information designed to bring greater profitability to the business owners we serve. We will enjoy all the advantages of national firm resources while still maintaining our independent status.”

Allinial Global firms continually seek new ways to better meet the needs of their clients. In this cooperative environment, firms share ideas, training programs, and technical expertise. “We look forward to being active participants in the Allinial Global association, working closely with other successful firms nationwide,” commented Alphons van de Ven.

About ESJ

ESJ is an independent and privately held accounting and tax firm. Since 1981, we have been an active player in providing tax, audit, accountancy and corporate finance services.
